A general-purpose LED module in Grove form factor, available in different colors.

SKU	UPDATED	PRICE
104030010	2026-11-23 23:17:22	$2.10(Excl. VAT)

Overview

A general-purpose LED module in Grove form factor, available in different colors. Support adjustable LED orientation and adjustable LED brightness.

Key Features

01 **Support different color LEDs**

The LED is plugged into the LED holder rather than soldered on the board\

02 **On-board potentiometer adjustment**

Support brightness control and a higher range of input voltages

03 **Easy to use**

compatible with Grove port, just plug-and-play

04 **High Flexibility**

The ingenious PCB design enables you to bend the LED to any position you want, which makes it easy to use it standalone, horizontal, or on Panel Mount(from left to right)
