Overview

The Desoldering Pump is a high-quality, durable tool that rapidly removes solder with powerful suction. Its easy one-handed operation and 19cm length make it convenient for soldering tasks.

Key Features

Description

High quality, durable and easy to use desoldering pump, nice helper for you to rapidly remove solder during soldering.

To use the pump, push down the plunger and use your soldering iron to melt the solder; when it ready to use, release the white button to create a vacuum that sucks up the molten solder.

Features

- Powerful suction for solder removal
- Easy one-handed use
- 19cm length
