Overview

GGC2330-O2 is a professional Oxygen Sensor, which is precalibrated with the built-in MCU and temperature sensor. It features low power consumption, good stability, high sensitivity, and long life.

Key Features

01 Pre-calibration(With build-in MCU and temperature sensor)

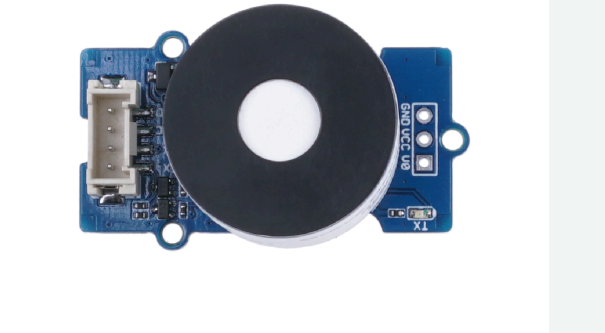

02 High sensitivity and Accuracy to toxic gas

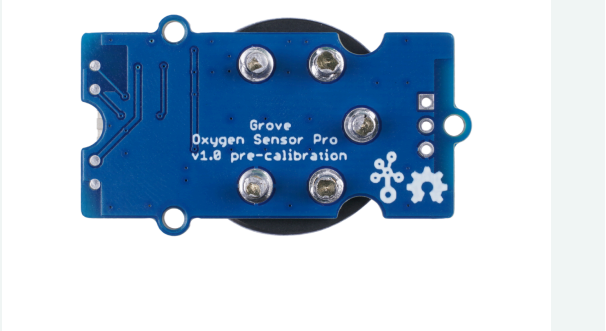

03 Long life, low power consumption

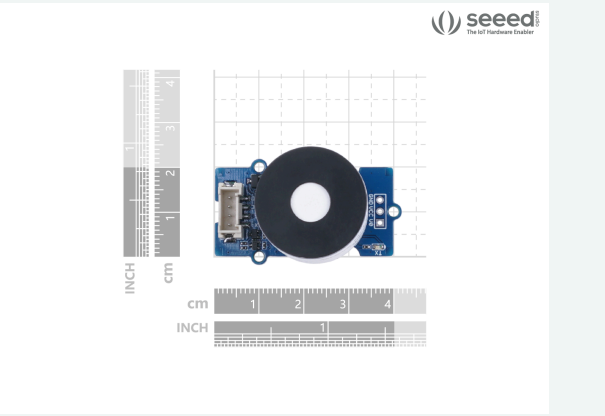

04 Good stability

05 UART and analog voltage signal output
