INDUSTRIAL PRODUCT DATASHEET

TF03-100 LiDAR – Industrial-Grade Long Range Distance Sensor (100m)

TF03-100 LiDAR is an industrial-grade long-range distance sensor.

SKU	UPDATED	PRICE
101060004	2026-11-11 08:40:46	$259.00(Excl. VAT)

Overview

TF03-100 LiDAR is an industrial-grade long-range distance sensor. Its maximum detection range can reach up to 100m and it has an adjustable frame rate with a maximum of 1KHz. With an integrated compensating algorithm for outdoor glare and other interference, TF03-100 can work under a strong light environment, rain, fog, and snow conditions. It also has an aluminum alloy enclosure with IP67 water and dust resistance. Multiple built-in operating modes are included for the users to change its parameters and configurations to meet different applications.

Key Features

01 Compact size (44mm*43mm*32mm(L*W*H))

02 Long-range detection (up to 100m)

03 Adjustable frame rate with a maximum of 1KHz

04 Aluminum alloy enclosure with IP67 water and dust resistance for industrial applications

05 Multiple configurable communication interfaces (UART/CAN)

06 Multiple configurable baud rates

Product Gallery

Applications

- Vehicle collision avoidance and safety warning systems
- Traffic flow statistics
- Camera trigger
- UAV assisted takeoff and landing
