INDUSTRIAL PRODUCT DATASHEET

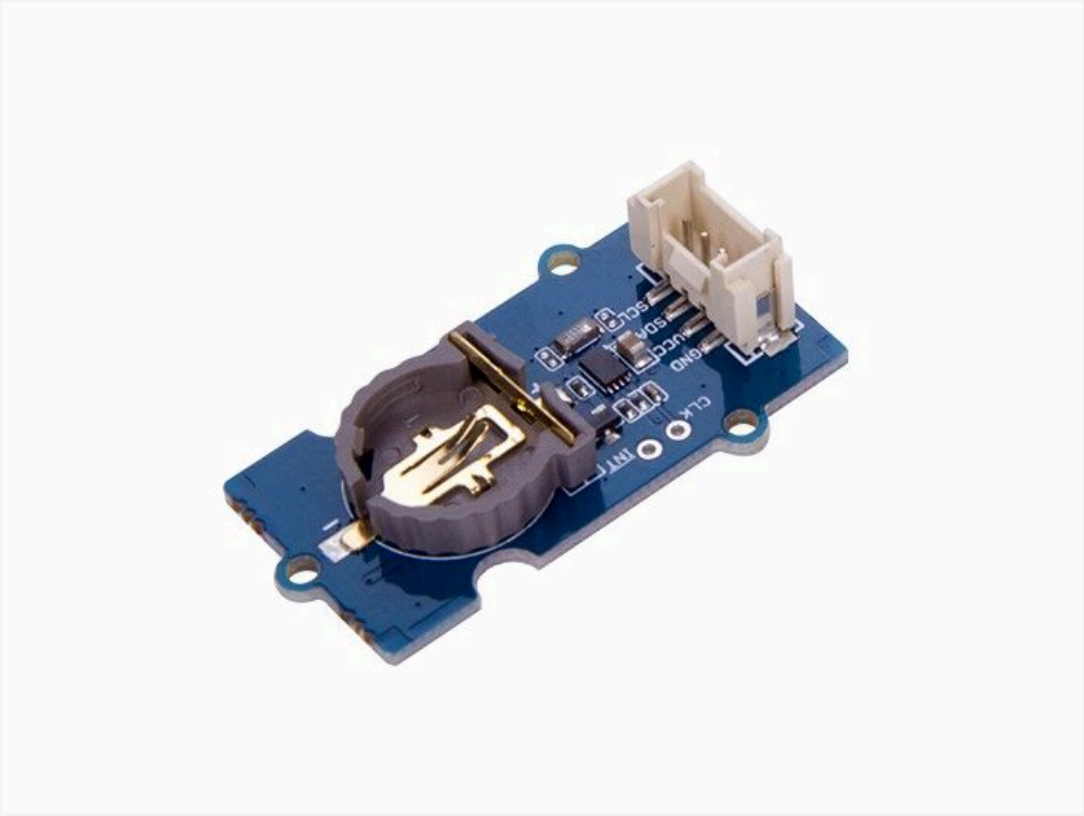

Grove - High Precision RTC (DS1307)

Grove – High Precision RTC is a more accurate real-time-clock comparing to Grove – RTC with the regular clock chip DS1307.

SKU	UPDATED	PRICE
102020083	2026-11-11 07:55:14	$9.40(Excl. VAT)

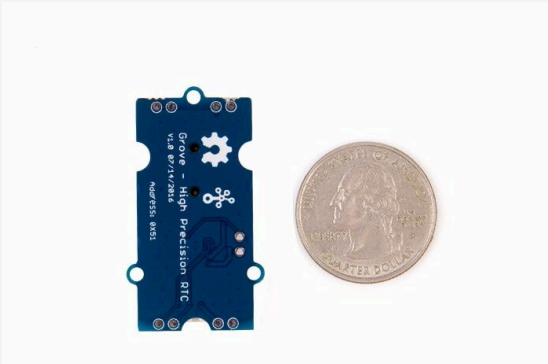

Overview

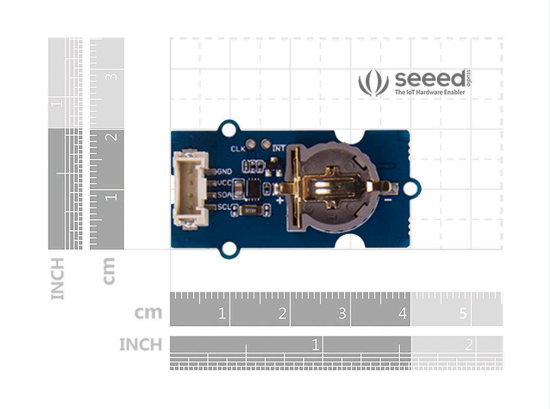

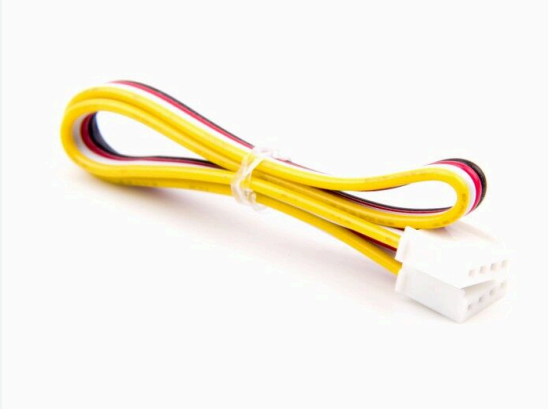

Grove – High Precision RTC is a more accurate real-time-clock comparing to Grove – RTC with the regular clock chip DS1307. The heart of Grove – High Precision RTC is PHILIPS PCF85063TP, which is a CMOS chip that optimized for low power consumption, the typical current can be less than 1.2uA at certain environment.
