Grove Breakout for LinkIt 7697

Grove Breakout for LinkIt 7697 expansion board with 12 Grove sockets for quick, solderless prototyping.

SKU	UPDATED	PRICE
103020092	2026-04-15 08:02:22	$5.50(Excl. VAT)

Overview

The Grove Breakout for LinkIt 7697 is an expansion board featuring 12 Grove sockets and a 2x14 pin female header for easy mounting onto the LinkIt 7697 development board. It provides a debug pin header and plug-and-play connectivity, streamlining prototyping especially for novices.

Key Features

Description

Grove Breakout for LinkIt 7697 is a Grove port integrated and a feature expansion board for LinkIt 7697 development board. The onboard 2x14 pin female header allows you to plug LinkIt 7697 on the board easily. As a Grove breakout board，the 12 plug-and-play Grove socket will save a lot of work for quicker prototyping, especially for novices through simplified wiring procedure.

The grove breakout for LinkIt 7697 is the best expansion board to help a beginner get quick start with LinkIt 7697. We also created a Grove Start kit based on this breakout board.

Features

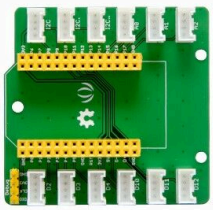

- Up to 12 Grove Sockets
- Easy Mounting with 2x14 Pin Female Header
- Debug Pin Header Supported
