INDUSTRIAL PRODUCT DATASHEET

DevDuino Sensor Node V1.3 (ATmega 328) - RC2032 battery holder

DevDuino Sensor Node is a compact Arduino-compatible microcontroller and is designed to build wireless networks based on transceiver nRF24L01

SKU	UPDATED	PRICE
103990038	2026-11-11 07:03:09	$15.99(Excl. VAT)

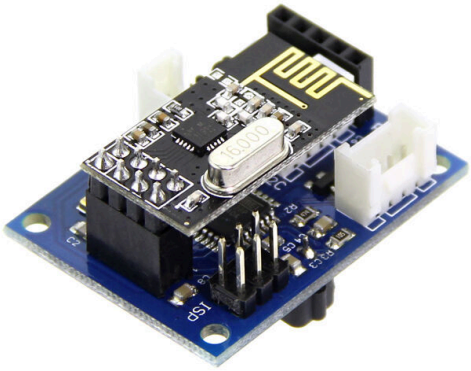

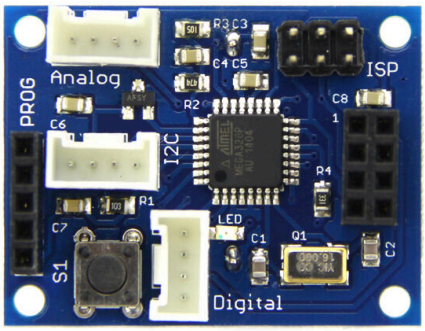

Overview

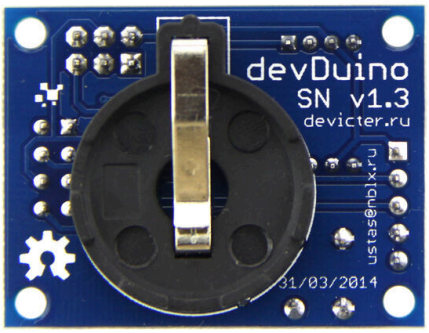

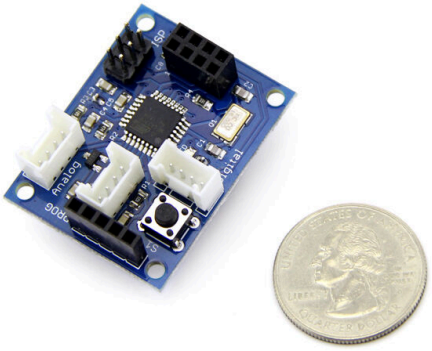

DevDuino Sensor Node is a compact Arduino-compatible microcontroller and is designed to build wireless networks based on transceiver nRF24L01
