Overview

The Grove - 16 x 2 LCD (Black on Yellow) features a high-quality STN display panel with 16 characters x 2 lines, supporting English, Japanese, and Greek alphabets. Its Grove unified socket enables plug-and-play use for temperature display, time display, and any project requiring a simple display.

Key Features

01 **High quality display panel**

Using STN panel, which is high yield, relatively inexpensive, ideal for use in scenarios with strong and fast response times for screen transitions.

02 **Accommodates a large number of characters**

The display construction is 16 Characters * 2 Lines.

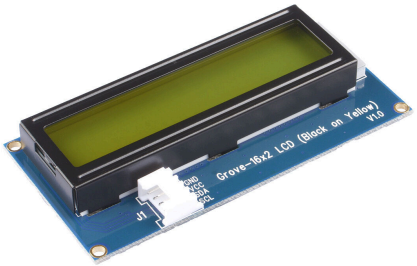

03 **Multiple language support**

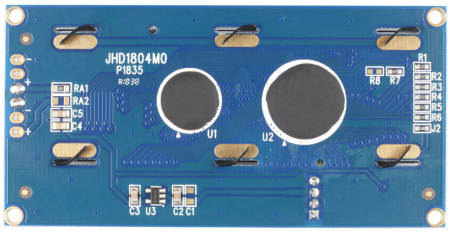

Including English and Japanese and Greek alphabet.

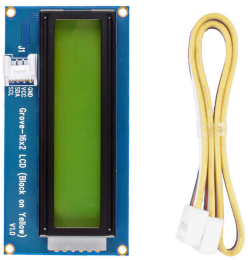

04 **Grove unified socket**

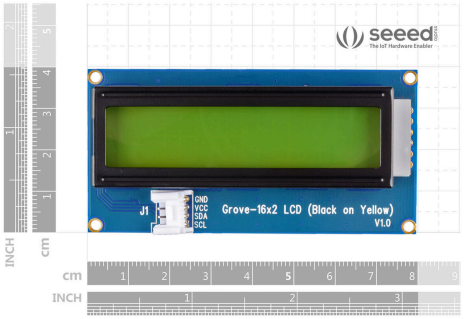

The product ensures "Plug and Play" and could be versatile for various applications.
