INDUSTRIAL PRODUCT DATASHEET

DSLogic U3Pro16 1Ghz Sampling 16 Channel USB3.0 - Portable Logic Analyzer

DSLogic Logic Analyzer is a portable USB-based logic analyzer, with max sample rate up to 1GHz, and max sample depth up to 16G

SKU	UPDATED	PRICE
109060022	2026-11-11 06:48:47	$349.00(Excl. VAT)

Overview

DSLogic Logic Analyzer is a portable USB-based logic analyzer, with max sample rate up to 1GHz, and max sample depth up to 16G

Key Features

01 16 digital channels

02 USB 3.0 interface

03 Up to 1GHz sample rate

04 Up to 2Gbits hardware memory

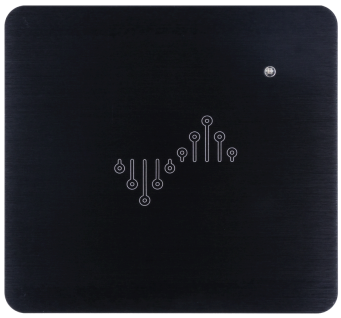

05 Up to 16G sample depth (stream mode)

06 Adjustable Threshold (0.1V Step)

07 Shielded fly wires

08 Unibody aluminum case
