SKU	UPDATED	PRICE
110991806	2026-11-11 06:40:52	$19.90(Excl. VAT)

Overview

The Weather Station Crossarm Bracket is specially designed for the SenseCAP ONE weather station. Simply install makes the weather station firmly and stable on the pole or wherever you want to put it. It is compatible with the S200/S500/S700/S800/S900/S1000 and whole all-in-one weather station.

Key Features

01 **Easy to install**

The SenseCAP ONE weather station can be fixed simply by tightening the screws.

02 **Sturdy and durable**

Keep weather stations on poles or flat surfaces outdoors for a long time

03 **Waterproof and anti-corrosion**

Surface paint coating prevents the bracket from rusting and corrosion
