SKU	UPDATED	PRICE
114990218	2024-08-09 01:56:40	$99.00(Excl. VAT)

Overview

The 3Doodler 2.0 is the world's first and best 3D printing pen that allows you to draw in 3D by extruding heated plastic filament which cools almost instantly into solid, stable structures. It is 75% smaller than the original, weighs only 50g, features a sleek anodized aluminum casing, new nozzle design, 50% less power consumption, double-click continuous flow, and is for ages 14 and up.

Key Features

The 3Doodler is the world’s first and best 3D printing pen that allows you to draw in 3D by extruding heated plastic filament that cools almost instantly into a solid, stable structure. You’ll be able to draw up into the air and create anything you can think of, whether it be a lamp shade, an architectural model, decorations, or even jewelry.
