Overview

The NeuroDreamer sleep mask (Sleep version) weaves a brainwave sequence for drifting to sleep into a choice of 5 sleep “songs”. Gentle lights fade in and out in sync with the same brainwaves to help you into a state where you can drift into sleep.

Key Features

01 Choice of 5 soothing sleep “songs”, each 20 minutes long

02 NeuroDreamer turns itself off after the song fades out

03 Choice of high, medium, or low song loudness

04 Choice of bright, medium, low, or off light brightness

05 NeuroDreamer remembers your choices
