Water Leak Detector

Water Leak Detector: GPIO protocol, relay output, and durable waterproof design for reliable water detection.

SKU

314990618

UPDATED

PRICE

\$29.00(Excl. VAT)

Overview

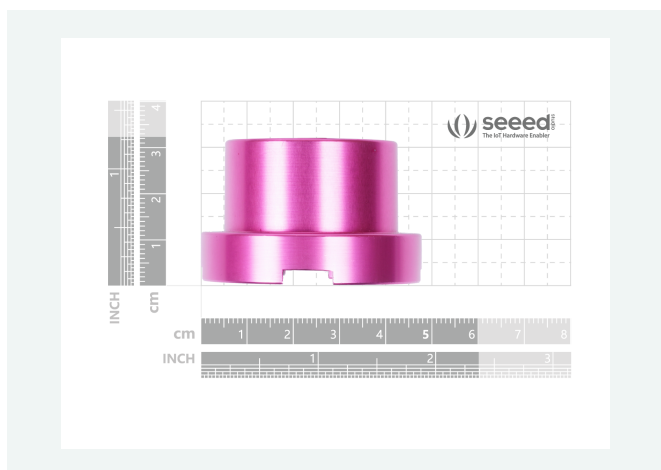

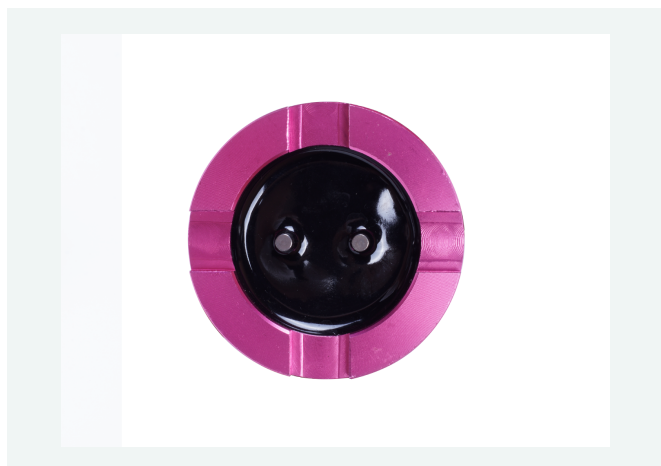

The Water Leak Detector features a GPIO universal protocol and user-friendly installation, cleaning, and removal. It offers relay signal output for compatibility with digital displays, PLCs, inverters, and recorders, and is constructed from high-quality alloy and waterproof cable for anti-corrosion and long-term immersion.

Key Features

- **Universal Protocol:** GPIO
- **User-friendly:** Easy to install, clean, and remove
- **Widely Applicable:** Relay signal output, can be used with digital displays, PLCs, inverters, recorders and other water detection system
- **Strong Robustness:** Made of high-quality alloy and waterproof cable, suitable to be immersed in water for a long time, anti-corrosion
- **High-performance:** Strong anti-interference and long-term stability

Specification

Power Supply	5V
Operating Current	< 30mA
Quiescent Current	< 10mA
Output Signal	watery: relay connection, dry: relay break
Cable Length	2 meters
Relay Load	(3A 250V AC) / (3A 30V DC)
Response Time	< 50ms
Measurement Medium	water
Operating Temperature	-5°C ~ +60°C
IP Rating	IP66
Device Weight	200g

Compliance & Logistics

HSCODE	9033000090
USHSCODE	9026102080
UPC	841454123279
EUHSCODE	8517180000
COO	CHINA
