Overview

[image] This Crazyflie 2.x - Spare 7x16 mm coreless DC motor with connector is a replacement part that can be used for the Crazyflie 2.X quadcopter. The motor has a coreless design and a size of 7x16 mm and comes equipped with a Molex picoblade 2P connector for easy installation.

Key Features

01 **Spare Kit Pack**

The motor is designed as a replacement part that can be used to replace a damaged or malfunctioning motor in the Crazyflie 2.X quadcopter.

02 **Molex picoblade 2P connector**

The motor comes equipped with a Molex picoblade 2P connector easily to install.

03 **Compact Design**

The motor has a size of 7x20 mm, which makes it ideal for use in small-sized quadcopters like the Crazyflie 2.X.

Applications

- **Indoor drone flights**
- **Aerial photography**
