Black-and-white enclosure for Cubieboard with sliding top, bottom 96-pin header access, and full port accessibility.

SKU	UPDATED	PRICE
322070020	2024-08-09 02:09:56	$7.90(Excl. VAT)

Overview

The Black-and-white Enclosure for Cubieboard offers a sleek design that hides internal components and is easy to assemble. It features a sliding top for cable access, exposes 96-pin headers at the bottom, and provides access to all Cubieboard ports.

Key Features

Description

This product was replaced by another two enclosures, Semitransparent Enclosure for Cubieboard and Acrylic Case for Cubieboard.

The Cubieboard case is available now, we have to admit this case is very excellent when we receive it! Its design is full of technology feeling that seems to be a delicate case but not just an enclosure for developed board. In Addition, it is easy to assemble, you need only to put Cubieboard into the case and get assembling done.

This enclosure hides the guts from you. It has a sister version that has **a frosted exterior**. Check out to find which you prefer.

Features

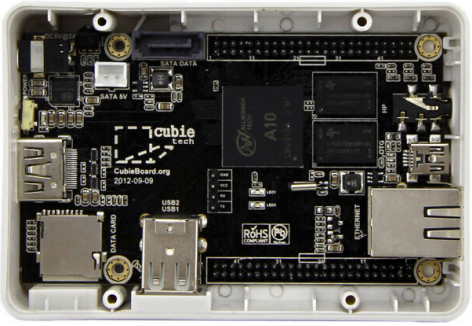

- Slide to open the top, easy to connect cables
- Export 96 pin headers of cubieboard at the bottom
- Access all the ports on cubieboard
