INDUSTRIAL PRODUCT DATASHEET

Remote Weather Monitoring Kit

A reliable, solar-powered weather monitoring kit with 4G connectivity and flexible cloud integration for outdoor applications.

SKU	UPDATED
B21000006	2025-09-02 07:38:53

Overview

The Remote Weather Monitoring Kit features high-reliability 4G remote monitoring with IP66-certified outdoor parts, rapid deployment, and flexible cloud services with Open API. Suitable for agriculture, smart cities, golf course maintenance, and national park environmental monitoring, it includes a solar panel for off-grid applications.

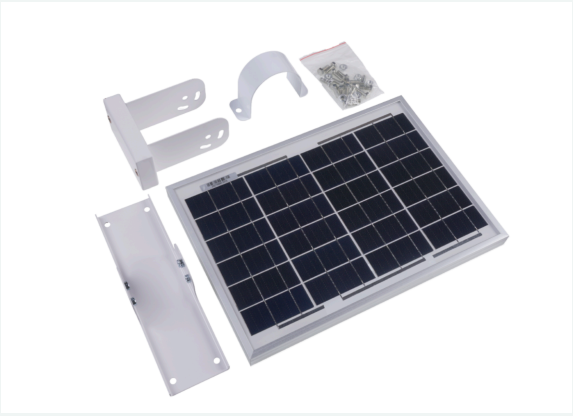

Key Features

- High reliability and stability
- 4G support for remote monitoring
- All parts are certified IP66 and suitable for outdoor applications
- Rapid installation and deployment
- Flexible cloud services with Open API for further development
- Solar Panel for off-grid applications
