INDUSTRIAL PRODUCT DATASHEET

Azure Certified Temperature & Humidity (SHT31) detector with Wio Terminal

Azure Certified high-accuracy temperature and humidity detector with Wio Terminal and Azure IoT integration, ideal for environmental monitoring.

SKU	UPDATED
E21000002	2025-09-02 07:48:42

Overview

The Azure Certified Temperature & Humidity (SHT31) detector with Wio Terminal offers high accuracy (±0.3°C temperature, ±2% humidity) and Azure IoT connectivity for data collection, analysis, and notifications. It is easy to use with tutorials and over 300 Groves compatible, suitable for environmental monitoring, plant environmental monitors, and weather stations.

Key Features

Features

- Azure certified device, able to collect and analyze data, and set up notification through Azure IoT.
- High accuracy, ±0.3 °C accuracy for temperature and ±2% for humidity
- Easy-to-use with tutorial
- More than 300 Groves compatible

Applications

- **Environmental Monitoring**
- **Plant Environmental Monitor**
- **Weather Station**
